

"If education is always to be conceived along the same antiquated lines of a mere transmission of knowledge, there is little to be hoped from it in the bettering of man's future. For what is the use of transmitting knowledge if the individual's total development lags behind?"

Dr. Maria Montessori

"Never help a child with a task at which he feels he can succeed."

Dr. Maria Montessori

"It is my belief that the thing which we should cultivate in our teachers is more the spirit than the mechanical skill of the scientist; that is, the direction of the preparation should be toward the spirit rather than toward the mechanism."

Dear Parents:

Welcome to the **Noble World Montessori School**. We are happy that you have chosen us to be your partner in your child's education and growth. It is a tremendous responsibility for all of us requiring total cooperation and clear communication between parents and staff. This handbook has been prepared to give you general information that will inform you about the policies and routine procedures followed by staff, parents, and children. It also outlines the philosophy and goals of our program. Please read them and become familiar with each item before school begins.

We look forward to the opportunity to get to know you and your child better during the time you are part of our school. May this experience be a time of joy and growth for all of us as we work together as teachers and caretakers of the children here at Noble World Montessori School.

Thank you,

Bezi Jones, Director

Extra Clothing

Each student should have an extra set of clothing available in case of a toileting accident or other circumstance which may necessitate a change. Clearly label all extra clothes and place everything in a large ziplock bag.

Naps

All nap children should bring a crib sheet and a small size blanket clearly labeled with his/her name. Nap items will be sent home every Friday for laundering and need to be returned on Monday.

Tote Bags

Children may find that a tote bag or backpack is helpful for carrying papers and personal belongings to and from school. If a child chooses to bring one, *clearly label it with his/her name.*

GENERAL INFORMATION

Labeling

Please clearly label ALL items belonging to the child with his/her name, including thermos bottles, lids and stoppers, extra clothing, and nap items.

Sharing

The school is trying to establish sharing as an experience and children do enjoy sharing their belongings with their friends in the Morning Circle. Parents should encourage children to bring books, art projects, nature studies, collection items, etc. Each classroom teacher sets an assigned sharing day for her class.

Toys and Custom Jewelry

Children should NOT bring toys, candy, gum and any custom jewelry as these things are not used at school.

Resource Books

The school has a library of resource books which parents may check out for week-long periods. Parent are encouraged to read at least one book each year to enhance their understanding of the Montessori method.

Lost Montessori Apparatus

From time to time, children become very attached to small pieces of Montessori equipment and take them home. Parents are asked to check children's pockets and the washing machine and send whatever is found back to school.

Policy Changes

Policies in this handbook are subject to change without notice.

Parents may not stay and eat with their child at this time. If a parent wishes to eat lunch with their child at any time, we ask for the courtesy of your call, and to please refrain from bringing fast food into the classroom.

Snacks

The school provides a morning snack for all students and an afternoon snack for extended day students. Snacks may consist of fresh fruit and vegetables in season, cheese, crackers, nuts and dried fruits, milk and fruit juices.

Birthdays

The Parents who DARE sponsors a program that allows parents to honor their child's birthday by placing a book in the library. The book will have a book plate inscribed with the child's name.

We agree that your child's birthday is a very special time. we would like to invite you to celebrate at school in a simple fashion. Birthday napkins and a treat(muffins, popcorn, etc.) may be brought for each child in the class. Prior arraignment with front office is requested to find for celebrating at the school. No party favors should be sent. **Private party invitations must be mailed or extended by phone.** even if they are extended to all children. Please consider inviting all the children in the class or a very small group. Those children not included do not understand and they feel hurt, especially when just a few are excluded. Birthday presents should neither be brought nor exchanged at school.

CLOTHING

Clothes for school should be selected for ease in handling as well as practicality. Children this age need the opportunity to mess and their clothing must be washable. This age of independence also demands that clothes be simple to remove and put on. Many toilet accidents occur as a result of tight snaps, zippers and buttons, or clothing a child is unable to handle easily.

Dress Code

School recommends that children wear a solid color polo shirt in red, yellow, blue or white. Bottoms will be Khaki and or Navy with boys wearing pants or shorts and girls wearing pants, shorts, or skirts. You may purchase these items at the retailers of your choice.

Outer Wear

Sweaters and jackets, clearly marked with the child's name, should be provided when the weather so dictates.

Footwear

Socks with shoes or tennis shoes, are acceptable footwear. THONGS, SANDALS AND COWBOY BOOTS ARE NOT CONSIDERED APPROPRIATE SCHOOL ATTIRE.

SCHOOL CALENDAR 18

PHILOSOPHY AND OBJECTIVES

Noble World Montessori School acknowledges that each child is endowed with a unique set of abilities and potential. The objectives of a Montessori education is to develop those abilities into an independent, competent, responsible and caring adult. The Montessori view of learning affirms creativity, collaboration and negotiation. It is a process of self-construction.

The objectives of our program are as following;

1. To provide an environment in which each child can experience success.
2. To help each child to reach his/her potential, according to his/her abilities and talent, in scholastic achievement, and to stimulate and facilitate further education progress and physical development.
3. To guide the child to develop moral and emotional behavior, attitudes, and habits, which help him to develop into a fruitful contributing member of his/her family and of society

All equipment at the school is designed with a specific purpose along the guidelines of the Montessori curriculum. The students activities are referred to as "jobs" to equate them with the importance of learning.

ADMISSION

We welcome any student to our program who exhibits readiness for the Montessori program and whose parents are willing and able to follow school policies and provide a continuing experience for their child. A student will be admitted after a personal interview with student and his/her parents. This informal interview not only allows the school administrator and director to ascertain the child's readiness, but also gives the child the opportunity to get acquainted with the new surroundings and receive a personal orientation from the director. This interview and orientation process ensures a successful entry into the classroom. It is mandatory that the child be completely toilet trained in order to be admitted to the primary program. All children are admitted on a 6-week trial basis at the discretion of the school administrator. Parents will be invited to confer about the child's progress at the end of that time. This initial conference may be in addition to the regularly scheduled conferences, depending on the child's entry date. **Noble World Montessori School** admits students of any race, color, national or ethnic origin to all the rights, privileges, programs and activities generally accorded and made available to students at the school. Noble World Montessori School does not discriminate on the basis of race, religion affiliation, disability, ethnic and national origin in the admissions and or educational policies.

Ground Rules

- ♥ *No child may hurt another child in any way.*
- ♥ *No child may disturb the work of another child.*

Discipline

The school's approach to discipline is that of positive redirection with mutual respect. Corporal punishment or other intimidating means of discipline are extremely prohibited by staff members at NOBLE WORLD MONTESSORI SCHOOL. If a persistent problem does occur and it becomes necessary to involve the parent, it is done with a spirit of cooperation.

Should professional help be required, it is done with all parties equally participating in the contribution of efforts to help the child. If such a program is entered into, the child's enrollment may become probationary, contingent upon the meeting of pre-determined goals within a specified time period. If the goals are not met within the allotted time, then another school placement will be recommended for the child.

This approach of school-parent-professional communication applies to emotional and academic concerns as well as to discipline situations.

NUTRITIONAL INFORMATION

Lunches

Parents should provide a nutritious lunch for their child each day in a conventional size lunch box, unless there is a field trip, in which case lunches should be brought in well-labeled, disposable lunch bags with boxed fruit drinks.

The school asks for parental cooperation in providing nutritious foods for lunch. Sending nutritious lunches to school with a child completes an important part of parental responsibility. Any uneaten food will be sent home, helping parents determine the amount appropriate for the child. The school suggests that children participate in the preparation of their lunches as an extension of their nutrition lessons at school.

It is also the parent's responsibility to make certain that these lunches meet the USDA guidelines for nutritional needs of the school-aged child. The USDA guidelines are available upon request.

Special Notes

Please do not send foods which require preparation at school. Staff members are happy to warm up pre-prepared food in the microwave.

Students lunches need to be stored in their cubbies. The refrigerator is solely for the purpose of storing the school supply of juice and snacks.

Parents may send a prepared breakfast for their child before 8 a.m. only.

directions regarding dosage amount and schedule in original bottle. Forms are available in the office. Parents are responsible for picking up any medication at the end of the day.

Off-campus Authorization

Before a student can be taken by the school from the school grounds for any activity, the parent must be notified and an authorization form be obtained. Appropriate information and forms will always be distributed to parents prior to any planned field trip. **NO CHILD WILL BE ALLOWED TO ATTEND AN ACTIVITY WITHOUT A SIGNED AUTHORIZATION SLIP.**

Attending Parents

Parents are always welcome to attend as teacher helpers. If a parent is assigned a group of students, it is requested that the helper:

- ♥ Remain responsible for the assigned group of children during the course of the field trip;
- ♥ Not treat one child to special items (ice cream, drinks, etc.) unless the same will be provided for all others in the group;
- ♥ Stay with the school, unless the field trip is structured to break up and meet later at a central place. Please be prompt in returning to the agreed upon location.

Drivers

Parents offering to drive for field trips must be LICENSED, INSURED DRIVERS and have WORKING SEAT BELTS in the vehicle.

Car seats

Parents are to provide car seats for their children if their weight or age legally requires them to be transported in car seats.

Siblings

When space and circumstances permit, non-enrolled siblings of students will be welcome to attend. The school requests that NO CHILD UNDER THE AGE OF 2 YEARS be brought on any field trip.

SCHOOL BEHAVIOR

Respect for people and property is essential towards the behavior expectations at NOBLE WORLD MONTESSORI SCHOOL. Each student must maintain an acceptable standard of courtesy and behavior. Classroom teachers will explain and review the rules as necessary. Children are expected to abide by these rules and to maintain an orderly and neat environment.

PROGRAMS OFFERED

Infant Program (Ages 8 weeks –15months)

Our infant program for ages 6weeks—15 months. Infants need not only love and emotional nurturance and a healthy physical environment, but also an environment which promotes their very real need to learn. The Montessori approach provides a basis for individualized learning activities, appropriate for even the earliest stages of a child's development.

Our infant program is committed to promoting quality Montessori infant care for children from six weeks to eighteen months to provide a continual balance between supporting the development of the infant's two basic psychological trusts; trust in the environment and trust in self. At one end of this continuum is the bonding relationship between the adult and the child, while at the other is support for a growing sense of self and independence.

Toddler Program (Ages 15 months -3 years)

Our toddler program for ages 15 months - 3 years. Children join the Toddler community who are comfortably walking, about 15-18 months of age, in a small group of 7-12 children, where basic motor coordination, independence and acquisition of language along with social and emotional development are fostered.

The Toddler Community provides a nurturing environment under the guidance of trained and certified Montessori teacher in early childhood development.

Parents are urged to bring children to school on time and are responsible for notifying the school of a child's absence. **If habitual tardiness becomes a problem, we may use our discretion to ask for the removal of your child from our school due to non-compliance with our school policies.**

EMERGENCY PREPAREDNESS

Disasters occur at times and places that cannot be predicted. It is of the utmost importance to be as prepared as possible for the unexpected. NOBLE WORLD MONTESSORI SCHOOL staff members recognize that the school's primary role in an emergency is to care for the safety and welfare of its students. However, parents should be aware that the school is NOT equipped for long-term emergency occupation by either students or staff. Parents are asked to **KEEP ALL EMERGENCY INFORMATION CURRENT.** They should be aware of support, and reinforce the emergency procedure information children receive at school and incorporate it into family emergency plans.

Fire Drills

The school holds periodic fire and tornado drills during both the school year and summer months.

SPECIAL AUTHORIZATIONS

Release Authorization

At the time of enrollment, parents are asked to list those persons authorized to pick up the child. Children will not be released to any person other than a parent, legal guardian, or someone duly authorized **IN WRITING** by one of the above. If it becomes necessary to have someone not listed to pick up a child, a **WRITTEN RELEASE** must be provided by the parent. Forms are available in the office. Observation

Parents are invited to observe the children at school once your child has had time to establish his/her independence in his/her new classroom environment. This can be a wonderful and rewarding experience for you. Several observations during school year can be helpful for comparison of your child's progress.

- ♥ There is no observation for the first 6 weeks of school, as the new students need this time to adapt.
- ♥ No observations will be scheduled on party days or before vacation weeks.
- ♥ Please do not expect to speak to the teachers at this time. Call after school when they can answer your question.
- ♥ Time for observation is between 9:30 - 10:30 a.m.. We suggest an observation time of 20 minutes.
- ♥ Guidelines for observation will be available upon your visit.

Separation Anxiety

Sometimes parents and/or children suffer an attack of separation anxiety at the time children enter school. In this case a calm, pleasant and prompt exit on the part of the parent, leaving the child in the care of a reassuring staff member, will be the most helpful. **Lengthy good-byes usually only exacerbate the situation.** Other times, this anxiety may manifest itself at home, and the directress does not see direct signs of it at school. If problems of this type occur, the school administrator will be glad to discuss them with you. We welcome your cooperation in assuring a happy and successful school experience for your child.
